INVITATION

The Asian Conference on Applied Superconductivity and Cryogenics will give an opportunity to present the latest developments in technology regarding applied superconductivity and cryogenics to experts from China, Japan, Korea, India and other countries in Asia. The conference will focus on the role of superconductivity in various aspects of research with a variety of concrete advanced applications and the science and engineering required for cryogenic applications.

Xi'an, the capital of Shaanxi province, is a modern city with long history. It is famous for attractive natural surroundings and historic sites. It is a historical city with many marvelous tourist attractions. Among them there are the excavated Terra-cotta Warriors and Horses, which have been guarding the tomb of the First Qin emperor for over 2000 years.

ORGANIZED BY

China National Center for the Research and Development of Superconductivity

● ***Manuscript Submission***

Abstract booklet will be published and distributed to all participants at registration. Conference proceedings will not be published. The manuscript of such a paper should be prepared according to the instructions provided by the Cryogenics and three copies of the manuscript should be submitted at the registration desk on Sunday, December 2. The submitted papers will be reviewed by two or more referees to ensure both accuracy and relevance, and revisions to the script may thus be required. Authors should also submit an electronic copy of the manuscript. The electronic copy may be e-mailed to the Northwest Institute for Nonferrous Metal Research at acasc@c-nin.com, no later than Sunday.

● ***Oral Presentation***

The oral presentations are scheduled for 15 minutes, invited speakers 30 minutes including 5 minutes discussion. Both overhead and beam projectors will be prepared as a visual equipment for presentation. Those who want to use beam-projector should give the CD for presentation to registration desk in advance. All speakers are requested to check in with the session chairman at the session room before the start of the session.

● ***Poster Presentation***

The poster sessions will take place in conference hall. Poster boards measure 0.9m wide by 2.5m high. Posters should be fixed by adhesive tape or similar but not with tacks. At least one author per poster should be available to answer questions during the poster sessions.

● ***Scientific Program***

The Program consists of Plenary Lectures, Keynotes, and contributed papers either in oral or poster presentations. In case of any cancel of papers or newly submitted papers, the final and complete scientific program will be notified soon before the Conference.

● **Important Dates for Submissions and Acceptance**

▲ Deadline for all submission: **September 15, 2007**

▲ Date of conference: **December 2, 2007 to December 4, 2007**

● **Language**

The conference language is English.

● **Suggested topics**

All topics in the area of Applied Superconductivity and Cryogenics are considered for presentation.

As a mere example, topics include:

- ✓ Large scale and power applications
- ✓ Small scale and electronic applications
- ✓ Superconducting materials
- ✓ Cryogenic engineering and applications

REGISTRATION

Conference registration will take place at the lobby of Grand New World Hotel from 9:00 to 20:00 on Dec.2, 2007(Sunday). The information desk of the Conference will open from 09:30 to 17:00 on each meeting day. If you have any question during the Conference, please feel free to contact the information desk.
